

Dayton Public Schools License Renewal Procedures

2022/2023

PURPOSE

In 1996, the Ohio General Assembly authorized the creation of Local Professional Development Committees (LPDCs) and mandated they be established in every school district and chartered nonpublic school by September 1998 (Ohio Revised Code 3319.22). The purpose of each committee is to review the coursework and other professional development activities proposed and completed by educators in a district to determine if they have met the requirements for renewal of their licenses. **The Local Professional Development Committee's responsibility begins when an educator obtains a professional license.**

WHAT IS THE PROCESS FOR RENEWING A PROFESSIONAL LICENSE? STEP

1- Submit an IPDP immediately after your new Professional license has been issued by ODE

STEP 2- Begin to accrue Professional Development Hours

STEP 3- Upon completion of hours and prior to your license expiring, submit all documentation to the LPDC committee through the FMX system

You can renew your license as early as Nov. 1 prior to your June 30 expiration date

STEP 4- Check the ODE site to see if you need a background check for renewal

STEP 5- Apply to ODE through the ODE OH/ID site to renew and pay for your license **STEP 6-** Wait to hear from LPDC that your documents have been approved and signed with ODE **STEP 7-** ODE issues new license(s) and the cycle begins again with STEP 1

The information below will guide you through the entire LPDC/ODE license process.

WHAT DOCUMENTS MUST BE SUBMITTED TO RENEW?

#1- Original IPDP (Paper Copy or FMX Request)

#2- Documentation of Professional Development Hours

(If using TeachPoint, it must be filtered to the start date of your submitted IPDP)

#3- Copy of License that is expiring

#4- Written Reflection- Explaining how the professional development supported your growth as an educator
(A Minimum of 300 words)

WHO MUST RENEW THROUGH AN LPDC?

Local Professional Development Committee (LPDC) Authorization

Who must work through an LPDC?

- All teaching, non-teaching and associate personnel (including interpreters and treasurers) who: Hold a certificate, professional or an associate 5-year license; and are employed full- or part-time in the school, school district, agency or institution the LPDC represents; and wish to fulfill the license renewal requirements.

Which situations are managed by an LPDC?

- Renewals of a 5-Year Professional License or a 5-Year Associate License; Transitions to the 5-Year License from an 8-Year Professional Certificate issued prior to July 2007.

WHO IS EXEMPT FROM WORKING THROUGH AN LPDC?

School social workers, school speech-language pathologists, school nurses, school audiologists, occupational therapists, physical therapists, occupational therapy assistants and physical therapy assistants are required to maintain licensure through their respective Ohio professional licensure board. To renew five-year professional Ohio Department of Education pupil services licenses in these areas, educators must maintain their other board license. By doing so, they meet all Ohio Department of Education renewal requirements and therefore, ***do not need to work through the LPDC***. These educators renew their licenses by submitting a renewal application with proof of current professional board licensure directly to the Ohio Department of Education.

While ODE-licensed school counselors and school psychologists are not required to maintain concurrent professional licensure through the Ohio Counselor, Social Workers and Marriage and Family Therapy Board (counselors) or the Ohio State Board of Psychology (psychologists), some individuals do hold both the ODE license and a professional board license. Holders of five-year professional ODE pupil services licenses for school counselor or school psychologist *who also hold* a corresponding professional board license may renew the ODE license based on maintaining licensure through the respective professional licensure board, and do not need to work through an LPDC. *Holders of five-year professional ODE school counselor or school psychologist licenses who do not maintain a concurrent professional board license are required to work through the LPDC to renew their ODE licenses.*

Educators working under the **Four-Year Resident Educator** license do not work through the LPDC. These individuals apply directly to ODE Office of Educator Licensure to renew, extend or advance their licenses.

Educators holding **Two-Year Provisional Licenses** do not work through the LPDC. These individuals apply directly to ODE Office of Educator Licensure to transition to Resident Educator Licenses or advance to five-year professional license.

Educators holding Alternative Resident Educator licenses, including Career-Technical Workforce Development teachers, do not work through the LPDC. These individuals apply directly to ODE Office of Educator Licensure to renew, extend or advance their licenses.

Educators holding an Alternative Principal license, Alternative Administrative specialist license, or Alternative Superintendent license do not work through the LPDC. These individuals apply directly to ODE Office of Educator Licensure to renew, extend or advance their licenses.

Educators holding a one-year temporary pupil services license or one-year supplemental teaching license do not work through the LPDC to renew the temporary or supplemental license or to advance to the standard license in the area in which the temporary or supplemental license was held. Once a professional license has been obtained in the area, regular LPDC procedures apply to the renewal of the professional license educators holding Permanent teaching certificates or permanent non-tax certificates are required by state law to update their FBI criminal background checks every five years through the Ohio Bureau of Criminal Investigation (BCI).

An exception to the LPDC process may be made if extenuating circumstances affect a person's ability to file through the LPDC process. Hours or credits must be accrued for this exception to be valid. The LPDC signer must have the consent of the HR Executive Director/Chief or the Superintendent.

OH/ID ACCOUNT

Each licensed staff member is to have an OH/ID account (previously called the Safe Account) set up through the Ohio Department of Education.

- To set up an account:
 - Go to ODE website - <http://education.ohio.gov>
 - Click on **Login** (top bar)
 - Click on **OH/ID Portal** to create your account and/or to access your account
Once your account is created click on *Educator Profile* then click the “I Agree” box to install applications. (**CORE**) - Click on **CORE** to access your license information. When applying for a license one of the sections asks for the Superintendent Signature. In this space put in the District IRN # 043844, for Teachers it is #014056. You can also type “Dayton City” and click from there.
 - You must use a credit card to pay.

INDIVIDUAL PROFESSIONAL DEVELOPMENT PLAN (IPDP)

Ohio Administrative Code Rule 3301-24-08 states, “Each educator wishing to fulfill the license renewal **It is the educator’s responsibility to maintain copies of materials submitted to the LPDC.**

requirements is responsible for the design of an individual professional development plan, subject to the approval of the local professional development committee.”

The IPDP should be written and submitted to the LPDC for approval as soon as possible after the issuance of the new license. After an IPDP is approved, the LPDC can grant credit for professional development activities in accordance with the LPDC’s Plan of Operation. IPDPs are *time stamped* in the FMX system upon submission. Once the IPDP is *submitted in FMX* the educator can begin to earn credit towards renewal.

**It is the responsibility of the educator to be knowledgeable of his/her current license status.
The LPDC does not retain application materials on file.**

DEA CONTRACT – (refer to contract for more information)

31.01 Professional Development Committee

A. This committee shall consist of at least five (5) members appointed by the ASSOCIATION President and at least five (5) members appointed by the Superintendent. One of the Superintendents appointees will be a principal employed by the district. The parties agree that the committee membership may be enlarged, by mutual consent of both parties to include, but not limited to, external individuals with the expertise in staff development, building performance and continuing contracts.

B. Appointments to the LPDC shall be made annually on or before May 1st. The term of office for members serving on the committee shall be three (3) years commencing July 1st. One third of the committee shall be appointed each year. When an appointee removes herself/himself from the committee during the year, a replacement appointment will be made by the ASSOCIATION President or the Superintendent.

31.02 Approval of Plans

This committee will be responsible for monitoring its recommendations regarding staff development, building performance and continuing contracts; and for approving and reviewing personal development plans for course work, continuing education units and/or other equivalent activities. This committee will be responsible for keeping records of all applications for licensure and the disposition thereof.

31.03 **Renewal of License** – Teachers who have a license expiring on June 30 of any year will have a deadline of May 30 of the same calendar year to be completely and unconditionally approved by the LPDC for renewal. Failure to obtain license renewal by this date may result in the position held by the teacher being filled by an appropriately licensed teacher.

Educators MUST have a submitted IPDP before engaging in Professional Development for licensure renewal; Professional Development done either before or outside the scope of a submitted IPDP will NOT be accepted for licensure renewal.

PROFESSIONAL DEVELOPMENT REQUIREMENTS

Educators should select coursework and professional development related to classroom teaching or area of licensure. To qualify for licensure renewal, the educator must complete *one or a combination of the following*:

- **180 PD Contact Hours**
- **Six (6) semester hours** of coursework related to classroom teaching or the area of licensure from an approved college or university – certified by the Ohio Board of Education.
- **Eighteen (18) continuing education units (CEUs)**, which represent **180 contact hours** of professional development OR engagement in equivalent other activities related to classroom teaching or the area of licensure as approved by the LPDC of the employing school, district or agency since the issuance of the license to be renewed. **The IPDP must be submitted prior to beginning the coursework or activities for which the educator seeks approval.**
- Educators can use university coursework, Ohio Department of Education CEUs, DPS PD Hours, approved equivalent activities, or a combination of the above to renew a license.

ONLINE COURSEWORK

- Please note that only online coursework from an accredited college or university is automatically accepted by the LPDC for License Renewal. To verify accreditation on the ODE site, [click here](#).
- If you would like to take coursework from an organization that is not listed on the ODE accreditation site, you must have an equivalent activity proposal **approved prior** to beginning

the class.

RENEWAL REQUIREMENTS FOR EXPIRED LICENSES

Professional and associate licenses that have lapsed for *up to five years* due to not meeting professional development requirements may be reinstated upon completion of nine (9) semester hours of coursework relevant to classroom or the area of licensure since the issuance of the license to be renewed.

Professional and associate licenses that have lapsed for *more than five years* due to not meeting professional development requirements may be reinstated upon completion of 12 semester hours of coursework relevant to the classroom or the area of licensure since the issuance of the license to be renewed.

Per ODE: *Professional, Senior and Lead license RENEWAL requires 6 semester hours/18 CEUs, as approved by the LPDC of the employing school or district, to be completed after the issue date of license being renewed and before September 1 of license expiration year.* ○ All licenses expire on June 30, but ODE is giving a two-month grace period to meet renewal requirements. If an educator does not meet requirements to renew their license by September 1, the above semester hour requirements will apply.

BACKGROUND CHECKS

Staff members holding an ODE License are required by state law to update their FBI criminal background checks every five (5) years through the Ohio Bureau of Criminal Investigation (BCI). Dayton Public School employees must complete their background checks through the District's Safety & Security Office. Status of your Background Check can be found on your OH/ID account. [Click here](#) to schedule your background check.

EDUCATOR RETIRES OR LEAVES THE DISTRICT

When an educator retires or leaves the district, the former district will provide verification of the IPDP approval, including coursework and continuing education that is completed and accepted. It is the educator’s responsibility to request and retain the approved and signed Verification Form for Educators Leaving an Ohio LPDC (see form in appendix) and submit it to the new LPDC at the time of employment in the new district. If the educator is no longer working through an LPDC, the educator should submit it to the Ohio Department of Education at the time of application for renewal.

RECIPROCITY – Completed professional development activities approved by an LPDC must be honored by other LPDCs and by the Ohio Department of Education. If the plan was not completed in total, a new plan to address the period remaining in the renewal cycle must be written and approved by the new LPDC. If the educator is not working through an LPDC, the remaining credits must be completed by taking coursework at a college or university prior to application to the Ohio Department of Education.

PATH OF A LICENSE RENEWAL – ODE Office of Educator Licensure 614-466-3593 1. Educator submits all necessary paperwork to the LPDC and *applies to renew his/her license through their OH/ID account.*

2. LPDC co-chair electronically approves license, which then goes back to ODE for final approval

3. ODE acts on educator license through:

- a. **PENDING** Status – reviewing educator license
- b. **ON HOLD** Status – educator needs to contact ODE to see what is missing
Examples: educator needs to get a current Background Check, upload transcripts, upload test scores from State Mandated assessments, etc...
- c. **ISSUED** – Educators can go into their OH/ID account and print off his/her new license.

- d. **DECLINED** – If renewal requirements are not met your license is auto-declined after 60 days; ODE keeps \$25 of application fee; the rest is returned to the educator. **Educator must reapply.**

APPEAL PROCESS

RECONSIDERATION-If an educator disagrees with the LPDC decision, the educator shall be given the opportunity to meet with the LPDC in person to discuss his/her case. This discussion will also serve to help the educator gain an understanding of the perspective of the LPDC. After submission of the Appeals Application Form, this meeting will take place at the next scheduled LPDC meeting. The LPDC will respond to the educator within 10 working days of the reconsideration meeting. (*see Appeal Application Form*)

THIRD PARTY REVIEW-If, after the reconsideration process has taken place, the LPDC and the educator are still unable to come to agreement, an Appeals Panel shall review the decision through a due process hearing. The Appeals Panel shall consist of three (3) Ad Hoc members not currently serving on the LPDC. One representative shall be selected by the Superintendent, one representative will be selected by the DEA President, and a third person selected by the educator. The Appeals Panel will request the appearance of a member of the LPDC to present the perspective of the LPDC. The representative from the LPDC will have no vote in the final decision of the Appeals Panel. Within fifteen (15) days of the written request for appeal, the Appeals Panel will convene to respond. A majority of the Appeals Panel will determine the decision. The written decision of the Appeals Panel will be shared with the educator and the chairperson of the LPDC within 48 hours of the decision. The decision of the Appeals Panel is final.

WHAT IF I HAVE MORE THAN ONE LICENSE WITH DIFFERENT DATES?

Ohio educators who have multiple license types now have the flexibility regarding the alignment of license validity periods. Since the implementation of licensure, a “one-license approach” has been utilized and multiple license types have been combined on one professional license spanning the same time period.

What does it mean to Align my License?

- Aligning your licenses means you are changing the effective year of one or more currently expiring licenses to match the effective year of another (active) license. Once your licenses are aligned, they will all have the same expiration date. This will allow you to renew all of them at the same time, which will reduce your licensure costs and allow you to use the same professional development to renew all your professional licenses. **You may not align until the expiration year of one of your licenses.**

How do I align my Licenses?

- Complete the online application through your OHID account. You will need to select the action to **ALIGN** your expiring license(s) to a previously issued (active) license. You will then need to select the credential to which you are aligning in the application. Please note that the option to align is not available for all license types (e.g. supplemental, substitute, etc.)
 - **Example:** Your five-year professional principal license expires in 2024. You also have an Intervention Specialist license that expires in 2025 (validity period 2020-2025). When you are ready to renew your principal license, select the action **ALIGN** (*not Renew*) to begin the align application. You will then select your Intervention Specialist license as the credential you are aligning your principal license to in this application. The system will automatically change the effective year of your principal license to 2025, which will change the expiration year to align with your other license. *For more information, search Licensure Alignment on the ODE website.*

IS A SEPARATE IPDP NEEDED FOR EACH LICENSE?

Yes, unless you have aligned your licenses.

WHAT ARE EQUIVALENT ACTIVITIES?

Not all professional development needs to be college courses, workshops, or district provided PD. The following are some Equivalent Activities that fall under the category of professional development:

- Curricular Projects
- Independent Study/Research – such as reading Educational literature to improve instruction (ex. Book Study)
- Serving as a Mentor Teacher or Cooperating Teacher (student teacher)
- District/Building committees (LPDC, BLT, TBT, curriculum development, etc...) Professional writing/publishing
- Teacher-initiated projects
- Preparing and giving presentations at meetings, workshops, and conferences Reflective/analytical portfolios
- Professional educational organization activities

The LPDC requires that all Equivalent Activity Proposals be approved before the activity begins. See Form in Appendix.
