President's Corner

I am Proud to serve as your President of the Dayton E.A. As you are well aware, we are going through some very challenging times. Teachers are held responsible for the lack of academic performance of the students, regardless of the issues of class overcrowding, underfunding, inadequate resources, and the effects of community and economic and social ills. This paired with the uncertainty that exists due to the pending changes that the District is going through brings a new set of obstacles that must be overcome daily. Just know that your sacrifices do not go unnoticed. You are making a huge impact and you are truly appreciated. I remind myself each day of these two goals: How can I make our local stronger and what can we do to build a more powerful local. With your Support and Solidarity I believe we are heading in the right direction.

"Alone, we can do so little, together, we can do so much" - Hellen Keller
